MEMORANDUM TO AFIS/DP

SUBJECT: Application for Central Intelligence Exceptional
Analyst Program [redacted]

I have reviewed [redacted] application with interest. The United States Government has a real need for a cadre of career intelligence personnel qualified to support international negotiating scenarios. This is especially true in the arms control field where senior negotiators often do not have the requisite intelligence skills, and need the advice and analytical assistance of intelligence professionals to successfully protect U.S. national interests.

On balance, I support [redacted] proposal and hope that AFIS/DP will give it favorable consideration.
